COSUMNES RIVER COLLEGE

OUR COMMITMENT

Cosumnes River College has provided quality educational programs and services to a diverse community for almost 40 years.

Established in 1970, the college adheres to its motto, "Seek Knowledge," by offering a complete lower division university transfer program, as well as a variety of professional and technical programs for students seeking career-related education.

Cosumnes River College has emerged with very much its own identity, small enough to offer personalized attention, yet large enough to offer a comprehensive postsecondary education to the community it serves.

Vision Statement

Cosumnes River College is an innovative educational and community center that prepares and empowers students to realize their unique potential to transform their lives and contribute to a just and democratic society as global citizens. CRC strengthens the cultural, social, and economic well-being of the region through its development of an educated and engaged citizenry whose decisions are informed by intellectual inquiry and scholarship, a pluralistic world view, and respect for humanity and the environment.

PLANNING FOR GROWTH

The Los Rios Community College District and its colleges are planning ahead with the goal of meeting increased enrollment and providing high quality education for our students.

To do this, we are modernizing and expanding our existing facilities. But we are also creating permanent educational centers in high-growth areas throughout

our region, including Elk Grove.

These "mini-campus" will provide our citizens access to quality education close to home and work and will help reduce traffic and improve air quality. As the Sacramento region continues to grow, the Los Rios Community College District will continue its efforts to serve the needs of our students.

OUR STUDENTS

"CRC prepared me for my future by creating a foundation of understanding that helped me get through difficult classes at UC Berkeley."
