YOUR ADMISSION STEPS

About the Class Schedule
Welcome to CRC! This Class Schedule is your guide to successful completion of your Enrollment Application and Registration processes for Spring Semester classes. Please read this entire first section of the Class Schedule called “Getting Started” in order to gain helpful information to complete your enrollment process.

The Class Schedule’s Companion Piece: The College Catalog
Although the Class Schedule provides you with a snapshot of the courses that are available for you to take in the upcoming semester, we urge you to look at the College Catalog to plan a more comprehensive route to completing your college education. While the Class Schedule provides an overview of classes to be offered in the upcoming semester that will fit into your own personal schedule, the College Catalog will help you create a path for completing a program of study to earn a certificate, a degree or to transfer. Hard copies of the Catalog and the Class Schedule can be purchased at the CRC Bookstore and in Admissions and Records. You can gain online access to both documents at: www.crc.losrios.edu

Student Learning Outcomes
All students need to develop skills and abilities in order to function effectively in an increasingly complex, diverse, and rapidly changing world. Learning outcomes at the Cosumnes River College enumerate these skills and abilities at the course, activity, program, and college level. For more information about Student Learning Outcomes, please see the College Catalog.

Who is eligible to apply for enrollment?
Cosumnes River College is open to all residents who are high school graduates or who are at least 18 years of age and able to profit from the instruction offered. A completed application with declared residency and signature page must be on file prior to enrolling (registering) in classes. Others may be admitted upon approval by the college. If you are a permanent resident, verification of your residency may be required.

Courses open to all
Every course, course section or class offered by the Los Rios Community College District that receives state support is open to you if you have been admitted to the college and meet the course requirements (prerequisites), unless specifically exempted by law, and as may be established according to Chapter II, Division, 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51006.

ATTENTION!! Students Graduating or Transferring at the end of Fall 2015!!
An additional priority registration period will be available for Students who will be graduating or transferring at the end of the semester. To receive this special priority, you must have a counselor verify your eligibility prior to APRIL 17, 2015. Contact the Counseling Center for information and to make an appointment.

YOUR ADMISSION STEPS

IF YOU ARE A NEW COLLEGE STUDENT...

New college students are students who have never enrolled at any college or who previously attended college as an Advanced Education student. New students must complete these "Steps to Success."

The Steps to Success

STEP 1– APPLY ONLINE
Students may apply to CRC by submitting and online application. Go to the CRC home page at www.crc.losrios.edu and click on the "Apply to CRC" link. Upon successfully completing and submitting the application students will then be issued a Student ID number. Allow up to 30 minutes for online processing.

Getting your student ID number:
A. Return to the CRC home page at www.crc.losrios.edu
B. Click on the eServices link.
C. Click on the link “Get Your Student ID Number” located on the left side of the screen. If you are a continuing or returning Los Rios Student, your Student ID number will remain the same.

STEP 2 – ONLINE ORIENTATION
After receiving your student identification number, complete the New Student Orientation online at www.crc.losrios.edu/onlineorientation or call (916) 691-7316. The online orientation is particularly important for new students to complete.

STEP 3 – ASSESSMENT
All new students are required to complete the basic skills assessment tests in English or ESL, reading and mathematics. These tests assist counselors in determining appropriate course placement. The current test schedule is available online at www.crc.losrios.edu/assessment or call (916) 691-7332.

STEP 4 – MEET WITH A COUNSELOR
All students should meet with a CRC Counselor. New students should schedule a course planning group session appointment. Meeting with a counselor is critical to ensure that the courses you take at CRC or other colleges meet your certificate, degree and/or transfer objectives. Contact Counseling to make an appointment by calling (916) 691-7316.

STEP 5 – REGISTER FOR CLASSES
Students can register for classes online through eServices or visit the College Center where computer access and one-on-one support are available. Students will be assigned an appointment date and time to register for classes on-line. Students can check their appointment by logging into their eServices account. Students can enroll during their scheduled appointment or anytime afterward.

View a schedule of classes:
A. Go to the CRC home page at www.crc.losrios.edu
B. Click on the “Class Schedule” link.
C. Click the Spring 2015 link and then select Cosumnes River College.

ENSURE A GOOD START

Getting off to a good start, in part, will depend on ensuring that all necessary books, permits and necessary supplies have been purchased. To avoid having holds placed on your record or being dropped from your classes, make sure to pay any outstanding enrollment and tuition fees right away (see page 12). A few days before the start of classes, review your class list and locate the rooms where your classes will be held. A couple of weeks after the start of classes, call the Counseling Office (916) 691-7316 and schedule an appointment with a counselor for development of your multi-semester Student Educational Plan.

Completing the online application for enrollment
New, returning, transfer and Advanced Education students are required to complete an application for enrollment prior to registering for classes. This is done online at www.crc.losrios.edu and then click on Application.

If you previously attended a Los Rios College under another name or used another social security number, please contact the Admissions Office prior to submitting your application in order to avoid a processing delay. The application will take approximately 30 minutes to complete. Once submitted, please allow an additional 30 minutes before attempting to register for classes. Once your application is submitted, any changes must be made in writing at the Admissions Office.
YOUR ADMISSION STEPS

IF YOU ARE A TRANSFER STUDENT FROM A NON-LOS RIOS COLLEGE
Like all students new to Cosumnes River College, if you are transferring from a non-Los Rios college, you must complete an application and you may complete the additional Steps to Success. Do the following:

1. COMPLETE AN APPLICATION FOR ADMISSION by going online to www.crc.losrios.edu. Computers are available in the College Center near the Information Desk.

2. TAKE THE APPROPRIATE ASSESSMENT TEST(S). The test schedule and study samples are available at the Counseling Center (916) 691-7316 or the Assessment Center (916) 691-7332 or you may go online to www.crc.losrios.edu/stepstosuccess, then Step #2 “Assessment.”

3. COMPLETE THE ONLINE ORIENTATION Go online to www.crc.losrios.edu/stepstosuccess, then Step #3 “Online Orientation.”

4. ATTEND A COUNSELING SESSION.
   You must bring the following to your counseling session:
   • your assessment test score. (if applicable)
   • all college transcripts or grade reports.

5. REGISTER FOR CLASSES.

EXEMPTION FROM COMPLETING THE STEPS TO SUCCESS

YOU MAY BE EXEMPT FROM COMPLETING THESE STEPS IF YOU HAVE EITHER:

(1) completed an Associates or Bachelors degree
(2) satisfied two of the following:
   • Have identified a goal of upgrading job skills
   • Are enrolled in fewer than six (6) units
   • Are currently enrolled in another college
   • Have no degree or occupational objective

Even if you are exempt, the steps may be required for some courses. Information on the exemption process is available in the Counseling Office.

IF YOU ARE A CONTINUING STUDENT…
Non-Advanced Education students who attended American River College (ARC), Cosumnes River College (CRC), Sacramento City College (SCC) or Folsom Lake College (FLC) in Spring 2015, are considered continuing students. As a continuing student, you are required to update your enrollment information each semester using the Supplemental Enrollment Form available online at www.crc.losrios.edu or by submitting the form to the Admissions Office.

IF YOU ARE A RETURNING STUDENT OR A DEGREE HOLDER…
Returning students are students who did not attend ARC, CRC, FLC or SCC in Spring 2015 but attended at some previous time. Returning students must complete an application for admission prior to registering for classes.

Degree holders are not required to complete the Steps to Success, but are invited to see a counselor for academic counseling.

EXEMPTION FROM COMPLETING THE STEPS TO SUCCESS

YOU MAY BE EXEMPT FROM COMPLETING THESE STEPS IF YOU HAVE EITHER:

Even if you are exempt, the steps may be required for some courses. Information on the exemption process is available in the Counseling Office.
IF YOU ARE A HIGH SCHOOL STUDENT INTERESTED IN ADVANCED EDUCATION

If you are a high school student, you may be eligible to enroll in two advanced education courses each semester at CRC if:

- you have a minimum cumulative high school grade point average (GPA) of 2.7 or evidence of academic achievement.
- you are at least 16 years old or have completed your sophomore year by the first day of instruction in the summer or fall semester.
- the course you want to take is not available to you at your school
- the course is not remedial (below 100-level classes)
- the course is not being repeated due to an unsatisfactory grade
- the course is for advanced study and you are able to demonstrate adequate preparation and have completed pre-requisites for the course.
- complete an online application for admission.

You must also complete an “Advanced Education” admission application available from the CRC Counseling Center or from your high school counseling office and follow the written instructions. Once all paper work is completed, you must meet with a CRC counselor for approval.

You must follow these steps each semester you wish to enroll in advanced education courses. For more information and to make a counseling appointment, call (916) 691-7316.

Advanced Education students (taking no more than 2 courses) are exempt from enrollment fees but not from books/RT Pass/materials costs. Fees for non-residents still apply. The Advanced Education Form must accompany the college registration process. Registration for classes must be done in-person at the Admissions and Records office.

IF YOU ARE AN INTERNATIONAL STUDENT...

International students are those who are both a resident and citizen of a foreign country and cannot establish California residency under their current visa.

Students requesting an F-1 visa must complete an additional application. Students on a visa other than the F-1, who wish to enroll, should contact the Admissions Office. For more information on the F-1 visa, contact the Administrative Assistant located in the College Center, Administration Office at (916) 691-7469.

REGISTERING FOR CLASSES

Prior to the start of instruction, you may register for classes online (eServices) or in person at the Admissions Office.

After the start of instruction, you may register for “full semester open classes” using eServices or in person. A “full semester closed class” may only be added by receiving a permission number from the instructor and registering online or in person. Check the calendar in this schedule for registration dates and conditions.

For all summer and “short-term classes,” permission numbers will be required from the first day of instruction. Once you secure a permission number from the instructor, you can register for classes using eServices or in person.

USING THE ONLINE WAIT LIST

When a class becomes full, students will be placed on the wait list. Here are the guidelines for using Wait Lists:

BEFORE THE SEMESTER BEGINS

1. Wait list status may change throughout the enrollment period. Students need to regularly monitor their wait list status (check your eServices account for status), to determine if they have been automatically added to the class.

2. If you were added to the class, your Enrollment Fees are due. Follow the steps on page 13 called “Important Payment Information” and “How to Pay Your Fees.”

ONCE CLASSES BEGIN

1. Wait lists are no longer available after the first day the course begins.

2. Students who were not automatically enrolled from a wait list prior to the first day of class must attend the first class meeting to obtain a permission number from the instructor, if there is room in the class.

3. Once a permission number is received, students should go to the Admissions Office immediately to officially register and be enrolled in the class.

4. Once a student is officially enrolled from the wait list after classes begin, payment of enrollment fees is due immediately, or the student will be dropped from class.
STUDENT ACCESS CARD

The Student Access Card serves as the CRC student photo identification card and as the Universal Transit Pass. Students can get their Student Access card beginning August 3, 2015 for the Fall semester. To obtain the card, students need to bring a photo ID and proof of payment for the semester (this can be printed from eServices) or a copy of their Board of Governors (BOG) fee waiver and proof of enrollment to the I.D. Card Station near the Cashier’s window in the College Center building by Admissions. If a sticker has been issued for a semester, but is lost or stolen, students must pay for a replacement sticker. The card is replaced for $5.00. For your card to be valid, it must have the current semester sticker attached.

NEW per legislation, BOG students pay partial fees for universal transit.

The Student Access Card can be used as a:

1. **College Student Photo ID card** - for all campus services and activities.
2. **Regional Transit card** - for all transit / transportation services provided by Sacramento Regional Transit (RT) and Elk Grove (E-tran) in accordance with the Los Rios Community College District partnership agreement supporting student rider patronage privileges August 1 through May 31 of each academic year. The RT pass is not valid during June and July.
3. Accessing the libraries and other instructional support services offices at all Los Rios colleges.
4. **Go-Print Copy Card** – to pay-for-print copier systems on campus.
5. **Student Discount Card** - use at participating stores and merchants. Students can get the validation stickers for their Student Access card beginning August 3, 2015 for the Fall semester. To obtain the card, students need to bring a photo ID and proof of payment for the semester (this can be printed from eServices) or a copy of their Board of Governors (BOG) fee waiver and proof of enrollment to the campus ID card station near the Cashier’s windows in the College Center building. If a sticker has been issued for a semester, but is lost or stolen, students must pay for a replacement sticker. The card is replaced for $5.00.

For your card to be valid, it must have the current semester sticker attached.
Make sure you have submitted your application or updated your Supplemental Information Form.

**STEP 2**

**Don’t know your student I.D. number?** You can find your Student I.D. number by going to www.crc.losrios.edu, clicking on eServices, and use the “Get Your Student I.D. Number” link. If you did not include your social security number on your application, you will need to contact the Admissions Office in order to get your student ID number.

The system requires that you enter a Login ID and Password: The Login ID is your Student ID number preceded by the letter “W.” (For example: W0049658)

The first time you login to eServices, you will need to create a new password. You can establish a new password by following these easy steps:

1. Go to the eServices Web page (https://ps.losrios.edu/direct/signon.html)
2. Click on the “New User – Create your password” link.
3. Enter your student ID number after the W and copy the captcha (wavy letters and numbers) located in the box below the login field. Then click “continue.”
4. Provide the answers to the security questions in the exact format you used when completing your Los Rios application.
5. Create your new password.

**Note:** When you create your new password, remember that the password must be at least 10 characters long; it must contain at least one capital letter, at least one lowercase letter and at least one number. The password cannot be the same as your name, social security number or student ID number. Once you have created your new password, you will use this password for eServices, eLearning and login for all campus computer labs.

If you are a continuing student, then use the same I.D. number and password from the previous semester. If you need assistance establishing your password or if you have forgotten your security questions, then please contact the Admissions & Records Office at (916) 691-7411.

**STEP 3**

Review the class schedule and select the classes in which you want to register. You will need to note the 5-digit course number. There may be specific course requirements (prerequisites, lab, etc.) that you must meet in order to register for the class.

**STEP 4**

You are now ready to register online: Go online to www.crc.losrios.edu and click on the “eServices” link.

Make sure to verify your registration appointment day and time by clicking on View Enrollment Appointment prior to attempting to register for classes!
REGISTRATION STEPS

IN-PERSON

STEP 1
Make sure you have submitted your online application or updated your Supplemental Information Form.

STEP 2
Go to the Admissions Office to register and complete an Enrollment Request form during your registration appointment (or during the designated Open Registration times). A staff person will complete your transaction.

A look at eServices Online Registration

The next time you use eServices to enroll in classes you will find a new look and feel. You can still search and add/drop classes, pay your fees, and get your class schedule. But how you do these things will be different, and we hope you will find them more convenient than ever. Just follow the simple “1-2-3” steps below to get started:

1. Go to your eServices Student Center to select your classes and put them in the Shopping Cart.
2. Next, press the “Proceed to Step 2 of 3” button at the bottom of the page to confirm the classes you want to take.
3. Press the “Finish Enrolling” button to enroll in the classes you placed in your Shopping Cart.

The third step is very important as this is the way you “check out” your classes and finish the enrollment process. After having Finished Enrolling, **there should be no classes in your shopping cart**, they should all be in your schedule of classes.

Below is an example of what the new eServices page will look like. If you have any questions, please go to our online help center at [www.losrios.edu/lrc/eserv_faq.html](http://www.losrios.edu/lrc/eserv_faq.html)

APPLICATION FOR FEDERAL FINANCIAL AID

The Free Application for Federal Student Aid (FAFSA) is used to apply for campus-based aid and the Pell Grant/Student Loans. The application allows the government to calculate an impartial analysis to determine the expected family contribution.

eLearning

http://eLearning.losrios.edu  (916) 691-7607

Cosumnes River College offers instruction via the Internet. Registration and rules governing these courses are the same as those of traditional on-campus courses. All classes with an online presence require regular access to a computer with an internet connection. If you do not have a computer with internet access, you can use the computers in the Computer Lab to complete online assignments. See the schedule of classes for information regarding a particular class and the website listed above for additional material on online classes.

Learning opportunities using this medium come in three modes:

Web Enhanced: The instructor of a class that meets face-to-face in the traditional way may use the internet to post learning materials, resources and assignments, and conduct other class activities. Not all courses that are web enhanced are indicated as such in the schedule of classes; the instructor will share expectations regarding the usage of eLearning during class.

Hybrid Course: The instructor meets face-to-face with students on a regular basis, but a portion of interaction takes place through the use of materials and activities posted online.

Online Course: The instructor meets face-to-face with students infrequently if at all. Contact the instructor with any questions regarding if and when you are expected to come to campus. Please take the self-assessment test to see if you are ready for online learning. It is linked from the Online Course Guidelines and FAQ page: www.crc.losrios.edu/onlineFAQ

Your instructor can help you with course content and assignments. For technical help, call the Help Desk at 1-855-321-3232 from 7 A.M. to 6 P.M., Monday through Friday. Note that each Sunday morning from 6:00 A.M. to 9:00 A.M. is scheduled downtime for maintenance of all district computer systems, including elearning.

STUDENT RIGHTS & RESPONSIBILITIES

STUDENT RIGHTS AND RESPONSIBILITIES
The following information is of importance to CRC students & faculty for ensuring a positive learning environment in the classroom.

GENERAL EXPECTATIONS OF STUDENT BEHAVIOR
As members of the CRC community, we are entitled to, and responsible for, creating a campus climate that supports excellence in teaching and learning, personal growth and development, and an atmosphere that is safe for, and respectful to, all students, faculty, and staff. Every member of our community must abide by guidelines, regulations, and agreements. Students are a vital part of the college and are expected to abide by guidelines, regulations, laws, and agreements. The college has expectations and standards for appropriate student behavior, often considered “common courtesies.” They include, but are not limited to:

- **Respectful and appropriate use of campus facilities, resources, and services** — the cafeteria, library, and any other gathering space on campus are shared spaces and require students to manage their language, volume, tone, and the content of their personal conversations. Students are expected to clean up after themselves, follow rules, and be respectful of others.

- **Respectful interactions with faculty, staff, and students** — Resolving conflict includes dialogue, and requires understanding and patience. Students who are unsure of the appropriate steps to take in order to resolve an issue are encouraged to consult a CRC Counselor, the Dean of Counseling, Dean of Student Services, or Campus Police.

- **Being a responsible student** — Showing up to class on time, being prepared, completing assignments, communicating with the professor, and participating appropriately in class are all essential to being a responsible student on a college campus. Students must make every effort to be on time and to communicate to faculty when they will be late or unable to attend.

STUDENT DISCIPLINE PROCESS
Students may be referred to the Student Discipline Officer for a number of reasons including continued disruptive behavior, profanity, or other behaviors that impede the teaching and learning process in the classroom or on campus. Students will be notified of the referral and may receive a warning notice or be scheduled for a discipline meeting. Students are entitled to due process including a hearing and an appeal process. Students who have questions regarding the student discipline process or regulations may contact the Office of the Vice President for Student Services.

ACADEMIC INTEGRITY STATEMENT
CRC values academic integrity (honesty, trust, fairness, respect, and responsibility). It recognizes that individuals can achieve their maximum potential and contribute appropriately to the well-being of the larger community only if they recognize the ethical dimensions of decisions and actions. The college assumes all members of the academic community will exhibit academic integrity supporting student access, academic quality, academic rigor, innovation and collegiality.

**Definition of Plagiarism**
Plagiarism is defined as representing the words, ideas, or work of another as one’s own in any academic exercise. Plagiarism consists of taking the words or substance of another work and either copying or paraphrasing without giving credit to the source. Plagiarism is applicable to written, oral, and artistic work. The following examples are only some of the many forms plagiarism may take:

1. Word-for-word copying of work written by someone else
2. Failure to give proper credit for ideas, statements of facts, or conclusions derived by another.
3. Failure to use quotation marks when quoting directly from another, whether a paragraph, sentence, or phrase.
4. Close and extended paraphrasing of another work without acknowledging the source.

**Definition of Cheating**
Cheating is the act of obtaining or attempting to obtain credit for academic work through the use of dishonest, deceptive, or fraudulent means. The following are only some of the many forms cheating may take:

1. Copying another’s work on a test, paper, or project.
2. Using unauthorized materials in an exam or collaborating on work to be turned in for credit where the instructor disallows such collaboration.
3. Taking an exam for another student, purposely allowing another student to copy during a test, or providing coursework for another student to turn in as his or her own effort.
4. Fabricating, falsifying or misrepresenting data or results from experiments, interviews or surveys.
5. Submitting the same work in more than one class for credit without permission from the instructor.
6. Knowingly furnishing false information to the college.
ENSURING ACADEMIC INTEGRITY AT CRC

Current college policies prohibit dishonesty such as cheating, plagiarism, or knowingly furnishing false information to the college. CRC’s recommended discipline process with regard to plagiarism and cheating is available from the Office of the Vice President, Student Services. Course syllabi should reference the discipline process.

1. Faculty members have the right to choose whether or not to pursue suspected cases of plagiarism and cheating.

2. When addressing plagiarism or cheating with reasonable evidence, the faculty member should notify the student of the concern.

3. Faculty members may consult with the Vice President, Student Services when determining whether plagiarism or cheating has occurred.

4. In situations where cheating or plagiarism has occurred, the faculty member is to determine consequences in compliance with board policy and regulations, which prohibit dropping a student from a course. The consequences may be any of the following options:
   - giving the student a verbal or written warning
   - giving the student an additional assignment
   - giving the student a zero on the assignment
   - determining other appropriate consequences that comply with board policy and regulations.

5. In situations where cheating or plagiarism has occurred, the faculty notifies the student that a “Referral for Student Code of Conduct Violation” will be filed with the Office of the Vice President for Student Services.

6. Students have the right to grieve an action that they feel violates their student rights.

7. The office of the Vice President, Student Services (VPSS) shall be responsible for maintaining records related to cheating and plagiarism.

Probation, suspension or expulsions are courses of action that may be determined by the Vice President, Student Services, in accordance with Los Rios Community College District policy.

CRC HONOR CODE

CRC’s Honor Code serves as a bridge between the College Catalog’s formal treatment of academic integrity and the day to day decisions of the members of our academic community. Its focus is on core academic values, the appropriate expression of those values in behavior, and the way those values create and sustain our academic community. It is intended as a straightforward tool for communicating and clarifying the college’s fundamental expectations. It is also intended to be used frequently and easily.

Suggested Honor Code Uses:

- As a supplement to the syllabus
- In conjunction with major assignments
- In conjunction with field trips/special events
- As a classroom management tool
- As documentation in the context of:
  - Referrals for ‘Student Code of Conduct’ violations
  - Grievances processes
  - Student Disciplinary Appeals processes

Cosumnes River College Honor Code*

Approved by the Cosumnes River College Academic Senate on 10-26-07

Approved by the Cosumnes River College Executive Council on 3-27-08

I understand that Cosumnes River College (CRC) values academic integrity. Academic integrity requires:

**Honesty**, which means:
- a commitment to truthfulness
- the refusal to steal or mislead, cheat or plagiarize

**Fairness**, which means:
- the willingness to treat others as I would wish to be treated upon careful consideration

**Respect**, which means valuing, in attitude and practice:
- all human beings
- myself
- my community at CRC and beyond

**Responsibility**, which means:
- recognizing that the quality of a CRC education and the quality of the CRC student experience depend upon my behavior
- accepting, at all times, the consequences of my actions

I understand that I, as a member of the Cosumnes River College community, am responsible for upholding this value, supporting academic quality, academic rigor, and an appropriate college atmosphere.

* This code is modeled after that of Santa Monica Community College, Santa Monica, CA
Los Rios Police Department at CRC
The Los Rios Police Department is staffed by dedicated, professional, and community service oriented employees located at each of the four colleges. District Police Officers protect the safety and security of all students, faculty, staff, visitors, and property as well as provide accurate and timely information about the criminal environment of the college and our surrounding community. The Los Rios Police Department is staffed with sworn police officers, college safety officers, campus security officers, dispatchers, clerks, and student assistants. Officers use foot, bike and vehicle patrols to serve the campus population and maintain high visibility on the campus. District Police Officers enforce state and local laws the same as any sworn law enforcement agency and are authorized to use force, arrest, and cite anyone who violates the law.

Students may not be aware of their responsibilities and rights when they are stopped or questioned by District Police Officers. If you are stopped by an Officer, please remember:

- Comply with the officer's request
- When you see the red overhead lights and/or hear the siren, remain calm and pull safely over to the right side of the road
- Remain in your vehicle unless the Officer advises otherwise and follow the requests or directives given
- The Officer may issue you a citation. If you are unsure of the reason, ask the Officer for details. Accept the citation and sign it—this is not an admission of guilt. State law mandates that if you refuse to sign, you will be arrested

These guidelines apply both on and off campus. The Los Rios Police Department attends to numerous issues and problems, including loud and disruptive behavior, drug, weapons, personal, and property crimes, and violations of standards for student conduct. You may be approached if an Officer thinks you are in need of help, have violated rules, laws, or the college standards, or fit the description of a suspect or witness. The Officer may ask you to provide identification or proof of enrollment. Unless you are not certain that the person stopping you is an Officer or an official of the college, you are to comply with the request.

CRC students are expected to have their student ID/UTP card on them when on campus. Some students have challenged officers and resisted arrest (this is a misdemeanor) and have been subject to citation, arrest, and student disciplinary action. The Los Rios Police Department is committed to campus safety and well-being and is here to enhance education through service. If you have a question about procedures, an Officer commendation, or concerns about your treatment, contact the Los Rios Police Department at (916) 691-7400 and ask to speak with a supervisor.

Safety Alert Tips

5. Faculty will ensure that their class rosters accurately reflect student attendance by the census date of the relevant term.

STUDENT INITIATED DROPS:
While faculty will follow the attendance and drop criteria, it is ultimately students’ responsibility to monitor their enrollment status and drop classes they do not, for whatever reason, intend to complete. Students can drop classes online or in person at the CRC Admissions & Records Office. Any student who fails to drop an unwanted class by the required deadline, risks earning a ‘W’ notation or ‘F’ grade on his/her transcript. Drop deadlines are available on the Academic Calendar: http://www.losrios.edu/lrc/lrc_calend.php (click on the appropriate semester, then click on “Click here for more information, including start/end dates, drop/add dates”)

VETERANS AND DROPPED CLASSES:
Veterans who drop below the number of units required by the Veterans Administration (VA) for any reason during a semester, including being dropped from a class for excessive absences, may lose part of their VA Educational Benefits allowance.

FINANCIAL AID AND DROPPED CLASSES:
Students receiving financial aid must complete at least 75% of the courses in which they are enrolled or risk returning financial aid payments or being ineligible for future aid.

Auditing Courses

Auditing (sitting in a class without enrolling for credit/grade) is not permitted at any Los Rios Community College. All students must be officially registered in all classes by the last day to add.

Unit load

Los Rios Community College District Regulation R-7211, defines fifteen (15) units each semester to be a full academic unit load. Twelve (12) units each semester is the minimum number of units a student can take to still be considered to be carrying a full-time load; the 12-unit load is usually acceptable to qualify for scholarships, grants, loans and to hold student offices at the College.

Eighteen (18) units per semester is the maximum load, across the District at all four Los Rios colleges. A petition to exceed this maximum must be submitted in writing, prior to registration, to the college at which the additional units will be taken. A student may petition up to a maximum of six (6) additional units district-wide through the petition process.

Eight (8) units per summer session is the maximum load, across the District at all four Los Rios colleges. Unit limit shall be District-wide. A petition to exceed this maximum must be submitted in writing, prior to registration, to the college at which the additional units will be taken. A student may petition up to a maximum of four (4) additional units district-wide through this process.
**Unit of work**

College work is measured in terms of the semester “unit.” In recitation-lecture courses, one hour in the classroom and two hours of study preparation per week constitute a unit of work. In the laboratory, three hours in the classroom per week with no outside study constitute one unit of work. Students can find the number of units of credit with each course description.

**Grades and Grade Point Averages**

At the end of each semester or summer session, a report of academic performance is made for every course undertaken. The grading standards, with their grade point equivalents, are as follows:

- A - Excellent ................................................ 4 grade points per unit
- B - Good ...................................................... 3 grade points per unit
- C - Satisfactory ............................................ 2 grade points per unit
- D - Passing, less than satisfactory ................ 1 grade point per unit
- F - Failing ...................................... 0 grade points, no units earned

- P - Pass Not computed in GPA, but (C or better) affects progress, probation and dismissal. Formerly known as “CR”.
- NP - No Pass Not computed in GPA, but (less than C) affects progress, probation and dismissal Formerly known as “NC”.

- I - Incomplete Not computed in GPA, but affects progress, probation and dismissal
- IP - In Progress Course transcends semester limitation
- W - Withdrawal Not computed in GPA, but affects progress, probation and dismissal
- MW - Military Withdrawal Not compiled in GPA and does not affect progress, probation and dismissal

**“Pass-No Pass” Grading**

(Formerly known as Credit-No Credit (CR/NC))

A student may elect one course per semester to be graded on a Pass or a No Pass basis. A request must be filed with the Admissions and Records Office for this option prior to the deadlines published in the class schedule and in the calendar at the front of this catalog. The equivalent of an “A”, “B” or “C” received for the course will be recorded as “P,” with units earned. The equivalent of “D” or “F” will be recorded as “NP,” with no units earned. Units attempted for Pass-No Pass grades are not computed in the grade point average but are used for determining Probation and Dismissal. (See College Catalog for details)

A maximum of 15 pass / no pass credit units may be applied toward the Associate in Arts or Science degree.

Once elected, the Pass-No Pass grade may not be changed to a letter grade (“A”, “B”, “C”, “D”, “F”) assigned by the instructor.

Courses taken in Spring 2009 or earlier will be notated on the student transcript record as CR/NC. Courses taken in Summer 2009 or later will be notated as P/NP.

**Grades of “Incomplete”**

An incomplete grade, “I”, may be assigned by the instructor when, in the judgment of that instructor, the student is unable to complete the course requirements before the end of the semester due to unforeseeable, emergency and justifiable circumstances. To receive credit for the course, the incomplete work must be finished no later than one year from the end of the semester in which it was assigned. A final grade will be assigned when the incomplete work has been finished and evaluated, or when the time limit for completing the work has elapsed. A student receiving an incomplete may NOT re-enroll in the course. A student may petition for a time extension due to extenuating circumstances. This request must be approved by the faculty assigning the grade.
Grades of “W”
Withdrawal from class

A student may officially drop a class without notation (a “W” grade) on the permanent academic record/transcript prior to the point in which 20% of a class has occurred. These important dates are available at [http://www.losrios.edu/lrc/lrc_calend.php](http://www.losrios.edu/lrc/lrc_calend.php) (click on the appropriate semester, then click on “Click here for more information, including start/end dates, drop/add dates”). Withdrawals occurring after this time, and before the point in which 75% of the class has occurred, shall result in a “W” notation on the permanent academic record/transcript. Official withdrawals are those that have been processed via eServices or by staff in the Admissions and Records Office.

A “W” grade on the permanent academic record/transcript is used for determining Progress Probation, Progress Dismissal, and allowable attempts to repeat. No withdrawals are permitted during the last 25% of a course, except due to extenuating circumstances (verified cases of accidents, illness or other circumstances beyond the control of the student), for which a student may request withdrawal through the student petition process. After consultation with the instructor and with administrative approval, the withdrawal may be recorded as a “W” rather than as a less than satisfactory or failing grade on the permanent academic record/transcript. In all other cases, after the 75% date, a student will receive a grade in the course.

Military withdrawal is available when supporting documentation showing orders compelling a withdrawal is provided along with a student petition. Military withdrawal is available for students who are members of an active or reserve military service, and who receive orders compelling a withdrawal from courses.

Medical withdrawals may be considered when supporting documentation is provided along with a student petition.

A “W” notation is counted towards the three allowable attempts at a course.

Good Standing

Both quality of performance and progress toward completion of objectives are considered in determining a student’s eligibility to attain or remain in good standing and attendance at a Los Rios college. A student merits good standing only by completing 12 or more semester units with a 2.0 GPA on a 4-point grading scale and by completing 50 percent or more of all enrolled units. It is the instructor’s responsibility to notify the student, at the mid-term date, if (and only if) that student is making less than satisfactory progress.

Regulations on course repetition and repeatability

Repetition of courses must be conducted by all California community colleges in compliance with California Title V Regulations, Sections 55040 through 55046.

Course Repetition to Clear A Sub-Standard Grade:
A course may be taken once and repeated up to two times at any of the Los Rios colleges for which a notation of D, F, NC (No Credit), NP (No Pass), or W (Withdrawal) was earned. This regulation is effective across the district at all Los Rios colleges. If you took a course at any of the Los Rios colleges – American River, Cosumnes River, Folsom Lake, or Sacramento City, this counts as one of your three attempts.

Repeatable Courses:
Courses taken, earning a grade of C or better cannot be repeated. There are, however, certain specialized courses that are designated as “repeatable” and are listed as such in the course description. These include:

- Transfer level courses that may be taken more than once to meet the major requirement for transfer to a California State University (CSU) campus or to other universities with a similar transfer requirement.
- Variable unit courses that are open entry/exit such as math, reading and writing laboratory courses; these courses may be repeated up to the total maximum units allowed.
- Work Experience courses, which can be taken again when there is new or expanded learning on the job for a maximum of sixteen units.
- Interscholastic sports and their related conditioning courses may be repeated to meet requirements for CCCCAA eligibility.
- Intercollegiate academic or vocational competition courses with the primary purpose to prepare students for competition.
ONCE YOU ARE ENROLLED

AFTER CLASSES BEGIN

Non-Repeatable Courses – Petitioning for an Exception:
There are a few special circumstances that allow students to complete the petition process to repeat a course that does not meet any of the criteria listed in the section just above. These include:

- Courses where students need to meet a legally mandated or licensure training requirement as a condition of continued paid or volunteer employment. These repetitions are not limited and are granted based on the college’s verification of established legal mandates.

- A student may repeat a course because there has been a significant lapse of time (defined as at least three years) since the student previously took the course and there is a properly established recency prerequisite for a course or program within the district or at another institution of higher learning for a course or program within the district or at another. In cases where a transfer university requires a community college course to be taken as a university prerequisite more recently than three years ago, a college may alter the three-year rule with documentation provided by the student. Grades awarded for courses repeated under this circumstance shall not be counted when calculating a student’s grade point average. This is a one-time exception.

- The college finds that the student’s most recent previous grade is, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the student’s control. This is a one-time exception.

- A special course that can be repeatable by petition so that a particular student can be approved to repeat it as a disability-related accommodation.

Limitations on Active Participatory Courses:
Active participatory courses are those courses where individual study or group assignments are the basic means by which learning objectives are obtained. These include kinesiology/physical education (PE) active participatory courses, as well as visual and performing arts active participatory courses (theatre arts, music and art). Some courses in these categories are related in content and have been placed in groups that the Los Rios colleges are calling families of courses. Each family of courses allows for skill development beyond an introductory level.

Students are limited to taking a maximum of four courses in any one family across all four Los Rios colleges, regardless of how many courses there are; sometimes a family of courses may include more than four. For example, the Modern Dance Technique family of courses across the four Los Rios colleges includes five courses – DANCE 330 through DANCE 334 (Modern Dance I, II, III, IV, and V).

In addition, if a student gets a sub-standard grade (a notation of D, F, NC (No Credit), NP (No Pass), or W (Withdrawal)) in any course within a family, the sub-standard grade counts as one of the four course limitations in the family. The list of families of courses is available in the Admissions and Records Office at each college. Please consult with a counselor for more information.

Academic renewal without course repetition

Previous substandard work ("D" or "F") earned at Cosumnes River College may be discounted at the student’s request, if it meets certain criteria. Courses and grades that no longer reflect the student’s current educational objective and current level of academic success may, upon petition, be discounted in the computation of the grade point average. The following conditions must apply:

1. A student may have previous substandard work earned within the District alleviated if it is not reflective of a student’s current demonstrated ability according to the following regulations and procedures;
2. For purposes of academic renewal, substandard work is defined as a D or F;
3. The maximum amount of coursework that may be alleviated is thirty (30) units;
4. A minimum of 12 consecutive months shall have elapsed since the end of the semester or summer session in which the work to be alleviated was recorded; and a minimum of twelve (12) semester units (or its equivalent) with a grade of C, Credit, or Pass or better shall have been attained. The coursework must have been completed at a regionally accredited college;
5. All work on the permanent record must remain legible, ensuring a true and complete academic history;
6. College procedures related to academic renewal will be published in the College catalog and will be implemented by the Office of Admissions and Records;
7. Records of academic renewal action shall be kept by the Admissions and Records Office at each college.

Note: Not all institutions accept academic renewal and may consider the substandard grades when determining a cumulative grade point average (GPA).
AFTER CLASSES BEGIN

Academic standing and dismissal

ACADEMIC STANDING - refers to your completion of satisfactory work with a grade point average (GPA) of 2.0 or better ("C" grades) within a semester and for all semesters (cumulative).

ACADEMIC PROBATION - occurs when you have attempted at least 12 college units and your cumulative GPA falls below 2.0.

PROGRESS PROBATION - occurs when 50% or more of your attempted grades are earned with "W" (Withdraw), "NC" (No Credit), "I" (Incomplete), or "NP" (No Pass).

DISMISSAL – If your GPA remains below 2.0 for three consecutive semesters, and/or you fail to complete 51% or more of your attempted courses, you may be dismissed for one semester. Students receiving financial aid may be denied aid after one semester of academic or progress probation. Check the CRC catalog for complete details regarding grading standards, probation and dismissal or contact the Counseling Center for assistance.

Catalog rights and graduation requirements

For purposes of graduation from any of the colleges in the Los Rios District, students remaining in attendance in one session (quarter, semester or summer session) at any California community college, or any combination of California community colleges, campuses of the California State University, the University of California or any regionally accredited institution of higher education, may elect to meet the requirements in effect at the Los Rios college from which the student intends to graduate as follows:

1. Requirements in effect at the time of admission to a Los Rios college, or;
2. Requirements in effect at the time the student originally enrolled in an accredited college or university, or;
3. Requirements in effect at the intended date of graduation from a Los Rios college.

A college may authorize or request substitution for discontinued courses. Students changing their major field of study may be required to complete those requirements for the major in effect at the point of change.

For purposes of this section, “attendance” means attendance in at least one session (quarter, semester or summer session) in each calendar year. Absence from attendance at another accredited institution is not considered an interruption in attendance.

Catalog Rights apply to degrees and certificates, but not to required pre- or co-requisites of a course. If a pre-requisite or a co-requisite is added as a requirement to take a course in a newer edition of the College Catalog, a student must take this new

pre-requisite before or co-requisite with the course.

Withdrawing from college

If you choose to withdraw from college (drop all classes), you must do so online or complete a drop form at the Admissions Office. You should meet with a college counselor before withdrawing so that you are aware of the implications (financial aid, priority registration) of dropping all classes.

Leave of Absence

Los Rios Community College District Policy P-7243 allows students to petition for leaves of absence from a college of the District in order to maintain Catalog Rights to a specified degree requirement option.

Leaves of absence may be granted for verified medical and military situations that prevent the student from attending classes in any college session in a calendar year. Such leaves shall be limited to two (2) successive calendar years. In extenuating circumstances, a leave of absence may be extended beyond the two-year limit.

A petition for a leave of absence should be filed in advance whenever possible. Students requesting a leave of absence during a semester must follow campus withdrawal procedures. Students applying for a medical leave of absence must furnish a statement from the attending medical physician explaining the necessity for the student to interrupt enrollment. A student applying for a leave of absence from a college for military service must furnish a copy of the military orders.

Withholding student records

The college reserves the right to withhold transcripts and records, to prevent enrollment if a student has any outstanding obligation (including nonpayment of fees and repayment or owing status for Federal Aid, Cal Grant, etc.), default on any federal student loan, overdue book fines or returned checks. Contact Business Services regarding payment and clearing holds on your account.

Graduation

In order to be a candidate for graduation, you must complete a petition for the Associate in Arts or Associate in Science degree through the Admissions Office at CRC.

Requirements for graduation with an Associate of Arts or Associate of Science (AA or AS) degree change from year to year, both in general education and in your area of concentration (major). You should consult a counselor regarding questions about AA or AS degree requirements and which catalogs may be used. The deadlines for graduation petitions are published in this document (see calendar, page 3).

CRC DEGREES & CERTIFICATES

NEW ASSOCIATE DEGREES FOR TRANSFER NOW AVAILABLE

California Community Colleges are now offering associate degrees for transfer to the CSU. These degrees provide streamlined pathways to CSU majors and baccalaureate degrees.

California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses of the CSU. Current and prospective community college students wishing to transfer are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

For students wishing to transfer to other universities (UC System, private or out-of-state), it is critical to meet with a CRC counselor to select and plan the courses for the major they wish to pursue upon transfer, as programs vary widely in terms of the required preparation.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree at a CSU campus within 60 semester or 90 quarter units.

The following Associate Degrees for Transfer are now available:

CROSS-LISTED COURSES

When a course is listed under two different departments in the catalog, the course is referred to as “cross-listed.” The cross-listed course has identical content under both departments’ catalog listing. If two courses are cross-listed, a student cannot earn credit for both. The student must choose one of the courses to enroll in. Students who are not sure which course of the two courses they should enroll in are encouraged to consult with their counselor. When a cross-listed course is repeatable, the course may be taken (under either name) the total number of times stated in the catalog descriptions of the cross-listed course.

The Los Ríos Board of Trustees, in order to meet the provisions of the Family Rights and Privacy Act of 1974 and the Education Code, has established policies giving students access to certain designated records. A summary of the rights and procedures for access are contained in the Students Rights and Responsibilities section of the Los Ríos Community College District Policy manual. Complete copies of the Act, Education Code, and Board policies are available in the Admissions and Records Office and the Vice President of Student Services.

District Regulation 2265 provides for the release, without student consent, of Student Directory Information, i.e., student’s name, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and most recent previous public or private school attended. In addition, federal law provides that representatives of the U.S. Department of Defense shall be provided a student’s name, address and telephone number for recruitment purposes. Students have the right to refuse the release of directory information by submitting a written statement to the Admissions and Records Office.
GENERAL POLICIES & INFORMATION

STUDENT DIRECTORY INFORMATION
Directory information which may be released to the public by the college includes the student’s name, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.

In addition to disciplinary sanctions, violators may be prosecuted under applicable law. Students will be informed of the health risks associated with the use of illicit drugs and the abuse of alcohol, and will be advised of the availability of drug or alcohol counseling, treatment or rehabilitation programs through the Health Office. GRIEVANCE PROCESS FOR STUDENTS
Students may file a grievance in the event of alleged breach of students rights as detailed in Los Rios Community College District Board of Trustees policies and regulations.

Steps to Filing a Grievance:
• Students must make a reasonable, good faith attempt within TEN (10) days to discuss the problem with the staff member involved or with his/her immediate supervisor. Failure to do so within the prescribed period of time will constitute a waiver of any right to pursue the matter further.

• If the complaint is not resolved within TEN (10) days by the immediate supervisor and the staff member involved, the student may then file a formal grievance, within FIVE (5) days of completing the informal procedure, and not later than 25 days from the date of the alleged wrongful act.

• The student must submit a Grievance Form to the Dean of Student Services and Counseling (Grievance Officer). The grievance must contain a specific statement of the alleged act of wrong-doing, the name of the person against whom the grievance is filed, the names of any witnesses, and the nature of the relief sought by the grievant (not to include the imposition of disciplinary action on an employee). Failure to file the completed grievance form within the above-specified time period shall constitute a waiver of any right to further proceedings.

• Within TEN (10) days of the receipt of the grievance, the Grievance Officer will determine whether the issue is grievable under the policies and regulations of the Los Rios Community College District, at which time, if the issue is grievable, a hearing will be scheduled. The Grievance Officer will notify the student in writing that the grievance has been rejected and state the specific reason(s) for the rejection, or that the grievance was referred to the designated hearing officer. At this time, the person(s) against whom the grievance is filed shall be notified of the status of the grievance, and shall be given a copy of the formal grievance.

• Within TEN (10) days from appointment, the Hearing Officer will schedule a hearing on the grievance. All parties shall be notified by the Hearing Officer of the time and day of the hearing. If the designated time and day are not convenient for the parties, a mutually agreeable time may be set.

• The hearing will be conducted in accordance with the guidelines set forth in board policy.

• The Hearing Officer shall deliver a written decision within TEN (10) days of the conclusion of the hearing to all parties to the grievance, with copies to the Vice President for Student Services, the college President and the Vice Chancellor, Student Services.

• Either party to the grievance may appeal the Hearing Officer’s decision to the Vice President for Student Services within FIVE (5) days. Such appeal must be submitted in writing and state specifically the grounds for appeal.

• Within TEN (10) days after receiving the appeal documents, the Vice President for Student Services will inform all parties to the grievance and the appropriate personnel in the District Office, in writing, of the decision. The decision of the Vice President for Student Services will be final.

For more detailed information, see Board Policies and Regulations 2412. Any questions regarding student conduct, rights and responsibilities, due process, and grievance procedures may be directed to the Vice President for Student Services.

CRIME STATISTICS:  
THE CLERY DISCLOSURE ACT

The Jeanne Clery Disclosure of Campus Security Policy and 
Campus Crime Statistics Act, codified at 20 USC 1092 (f) as a part 
of the Higher Education Act of 1965, is a federal law that requires 
colleges and universities to disclose certain timely and annual 
information about campus crime and security policies. All public 
and private post secondary educational institutions participating 
in federal student aid programs are subject to it.

The law, originally enacted by Congress in 1990 as the Campus 
Security Act, was championed by Howard and Connie Clery 
after their daughter Jeanne was tragically murdered at Lehigh 
University in 1986. Amendments to the Act in 1998 renamed it in 
memory of Jeanne Clery.

The Clery Act requires all colleges and universities to publish 
an annual report every year by October 1st that contains 3 years 
worth of crime statistics and certain security policy statements 
including sexual assault policies which assure basic victims’ 
rights, the law enforcement authority of campus police and 
where the students should go to report crimes. CRC’s crime 
statistics are available at:  
http://police.losrios.edu/pdf/annualcleryreport.pdf

NOTE: Courses listed in more than one GE area can only be used to fulfill a single area.

CSU GRADUATION REQUIREMENT: AMERICAN IDEALS.

A. One course from HIST 312, 313, 320, 321, 331, or 371, paired with POLS 301

OR

B. One course from HIST 312 or 320, paired with one course from HIST 313, 314, 321, or POLS 304.

Completion of this requirement may double-count for 6 of the 9 units in Area D. See a Counselor to determine the best way for you to fulfill CSU-GE Category D.

The courses listed on this GE sheet are accurate as of the date of publication of the 2014-2015 Schedule and Catalog, but are subject to change. Contact or visit the CRC Counseling Center for updated information.
Completion of all of the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the CSU or UC system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements.

The course requirements for all areas must be completed before the IGETC can be fully certified. Each course must be completed with a grade of “C” or better.

Variable Topics
These courses are also called “Independent Studies”, “Special Studies”, “Special Topics”, “Field Work”, etc.. Credit for variable topics courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty. Information about internships may also be presented for review, but credit for internships rarely transfers to UC. UC does not grant credit for variable topics courses in Journalism, Photography, Health, Business Administration, Architecture, or Library Departments.
Credit by Examination
Credit by Examination is a process by which students may earn credit in recognition of knowledge and skills gained from previous experience or training when such knowledge and skills are deemed to be substantially similar to the student learning outcomes of the course for which credit is being sought. A student who meets the following requirements may receive credit for some courses by passing an exam.

- Completed 12 units at Cosumnes River College
- Have a cumulative GPA of 3.00 or better at CRC

Under special circumstances these requirements may be waived by petition to the Dean of Student Services and Enrollment Management.

A maximum of 15 credit units of catalog courses may be earned through Credit by Examination. Credit by Examination may not be applicable to all courses. Eligibility for Credit by Examination is NOT permissible under the following situations.

- The student has completed or enrolled in a more advanced course, which follows this course in sequence.
- The course (or its equivalent) appears on the student’s transcript with a grade other than a W.
- Credit by Examination is not allowed when the exam would duplicate coursework for which credit was granted previously.
- The student does not meet the pre-requisite or co-requisite for the course.

Under special circumstances these restrictions may be waived by petition to the Dean of Student Services and Enrollment Management.

Please note that some four-year colleges and universities do NOT accept units granted through credit by examination. Students are advised to meet with a counselor for more information.

Please follow these steps to participate:
1. Find a professor who is willing to administer the exam. The examining instructor determines the scope and form of the exam.
2. Complete the appropriate paperwork at the Admissions and Records Office. Staff will verify your eligibility.
3. Have the examining professor sign the petition, and schedule the examination.
4. Have the appropriate area dean sign the petition.
5. Return the completed petition to the Admissions and Records Office for enrollment in a test section and payment of appropriate enrollment fees.
6. Take the exam as scheduled. (The examining professor will submit a grade of “Pass” or “No Pass” to the Admissions and Records Office.)

Please note that all Cosumnes River College policies are in effect with respect to Credit by Examination, except as indicated above.

Other Options
Advanced Placement (AP) examinations, College Level Examination Program (CLEP) tests, International Baccalaureate (IB) examinations, and credit for military service. For more detail about these programs, please refer to the College Catalog.

Honors Classes
Cosumnes River College offers a unique and innovative honors program modeled on the seminar experience at the University of California and many liberal arts colleges and universities. These honors seminars provide a challenging opportunity for students and a faculty member to work closely and explore in greater depth a scholarly topic of mutual interest. The Honors Program encourages applications from all interested students and enrolls individuals into the program based on evidence of their potential to benefit from the Honors Seminars. We ask that students provide us with information that demonstrates their interest, motivation, preparation and potential for this form of study.

Study Abroad
Study Abroad is a wonderful opportunity to live in and explore another culture in the safest possible situation. The rewards to students are life long and include the opportunity to acquire a level of global competence recommended by the U.S. Congress and valued by transfer institutions and employers. Students take regular community college classes from professors in the Northern California Study Abroad Consortium. The consortium is made up of all four Los Rios colleges, College of San Mateo, Santa Rosa Junior College, and Diablo Valley College, and professors from these colleges apply and are selected to teach the same courses they teach at their home college. All of the courses are transfer level, so students make excellent progress toward their graduation and transfer goals. And you learn and develop so much more in knowledge, skills, abilities and experiences. The Study Abroad opportunities are listed under the Special Course Offerings section of this Class Schedule.
LOS RIOS STUDY ABROAD PROGRAM

What nations don’t know can hurt them.
The stakes involved in study abroad are that simple,
that straightforward, and that important.
For their own future and that of the nation,
college graduates today must be
internationally competent.

COMMISSION ON THE
Abraham Lincoln Study Abroad Fellowship Program
NOVEMBER 2005

Your assignment is to conduct a comparison between food shopping patterns of Italians and Americans for your Cultural Anthropology class, or observe two works of art in the Louvre for your Art History class, or visit the prison on Robben Island where Nelson Mandela served 27 years as a political prisoner, or strike up a conversation in a language other than English with people who live in the same city where you are living as a guest. Studying abroad can be the most fascinating and life-changing experience students will have in the course of their college careers. Living and studying in a completely different culture challenges students to re-examine their basic attitudes and outlooks, and helps them become globally and internationally competent and culturally aware of similarities and differences. The Los Rios Study Abroad program is learning 24 hours a day, seven days a week when the classroom is an entire country and culture. Plus, it is incredible fun.

The Los Rios Community College District offers study opportunities in cooperation with the American Institute for Foreign Study, and the Northern California Study Abroad Consortium (NCSAC). Programs take place full semesters and during the summer. Classes are taught in English by community college faculty from Los Rios and other NCSAC, and students take 12 units of GE classes — the same classes that are offered in the community colleges here. Programs are offered on a rotating basis in Barcelona, London, Florence, Paris, Madrid, Cape Town (South Africa), Beijing, Shanghai, and other sites. The enriched curriculum includes language instruction, travel and field trips, cross-cultural experiences and resources not available at home to enhance the learning process.

For more information on how to apply for Study Abroad programs, call the Study Abroad office at (916) 691-7187 or visit the CRC home page and click on the Study Abroad link, or click on the Quicklinks from any of the other Los Rios college and District home pages, which will take you directly to www.crc.losrios.edu/abroad.

Your Ticket to the World!
The Los Rios Study Abroad program takes students to other countries to study and earn 12 credits toward degree and transfer while having the opportunities only available while studying and living abroad.

Schedule of Upcoming Programs:
SUMMER 2015: London, UK
SUMMER 2015: Florence, Italy
FALL 2015: Barcelona, Spain

The requirements to be admitted to the program are:
• Students must be 18 years old
• Students must have completed 12 units in non-performance based academic transfer level classes prior to the Study Abroad program
• Students must have a minimum GPA of 2.25

Elk Grove Center Classes
CRC offers number of classes at the CRC Elk Grove Center, located 4.8 miles from the CRC Main Campus. A listing of these classes is available at: www.crc.losrios.edu/schedule

BOGW - Simple and Fast!!
(Board of Governors Enrollment Fee Waiver)

- BOGW is an enrollment fee waiver program for California residents or students who have successfully completed a Nonresident Tuition Exemption Request (AB540) and does not require repayment.
- BOGW is not tied to any other financial aid programs, so it can be processed quickly and you will be able to register immediately.
- BOGW applicants complete a simple application form available online at http://www.losrios.edu/frc/frc_fin-aid.html or at the Financial Aid Office. Applicants may be asked to provide proof of eligibility.
- CalWorks, SSI, General Assistance/General Relief recipients MUST bring an Aid Verification Summary form or provide a copy of their last check to the Financial Aid Office.
- If you meet specified household income standards, you qualify for BOGW.
- If you are eligible to receive need-based Federal/State financial aid, you also qualify for BOGW.
- You’re encouraged to complete the BOGW prior to registration. If you are eligible, your enrollment fees will automatically be waived.
- BOGW enrollment fee waivers are valid for the Summer, Fall and Spring semesters each year. Only one application per fiscal year is required. (“Fiscal year” begins with each Summer session, and includes the Fall and Spring semesters.) Therefore, if you received a BOGW for Summer 2014, Fall 2014 and/or Spring 2015, you must reapply for the Summer 2015 or Fall 2015 terms.
