Logging into a Citrix desktop from off campus.

Using a web browser type in the following URL: https://delabs.crc.losrios.edu/Citrix/DELABSWeb/

Login to the portal using your student login account and password.

You will be automatically logged into a desktop, or you will be displayed with available desktops to login into in which case just click on the desktop icon to connect to the desktop you need to use.
EXAMPLE SCREEN – Your list of desktops will vary depending on labs you are enrolled in (LRC202).

After you click on a desktop choice you should see a desktop in your browser. It will behave like it was local on your computer. You will need to be patient as the desktop may take a couple of minutes to login depending on demand. If all of the computers are currently in use you will receive an “error” message. Please try again later.
